ABOUT LANDMARK SABBOUR

Landmark Sabbour is committed to bring extraordinary lifestyles through premium projects that cater to all needs.

Our vision kicked-off in 2011 where we started choosing prime locations and converted them into landmarks.

The ideology behind this plan is to develop master key projects and turned them into iconic designs that set a new par in the real estate market both internally and outside Egypt.

INTRODUCING THREE SIXTY

The name THREE SIXTY evolved from Landmark Sabbour's vision in creating an environment that is inspired by the three elements it possesses.

The project aims to cater to our variable, kaleidoscopic world by creating a multi-use project that would have **Retail, Offices and Clinics** sparing not a single option when it comes to providing the THREE SIXTY experience.
