PALM PARKS; A CULTURE MADE BY YOU

A prodigy of Palm Hills, Palm Parks is a boutique neighborhood designed for the progressive community of West Cairo. The development brings a surge of momentum that brings a fresh spirit to the grass-concrete spaces. Created for people-centric individuals, the living philosophy of the project is to celebrate community above all. With communal areas, gorgeous park spaces, and homes that cater to small families and individuals, it truly is a place that puts humans at its core.

A FRESH TAKE ON LIVING

Dogs running after frisbees, saturated greenery, glistening lakes, ice-cool pools, and bustling communal areas where people enjoy each other's company. The project, placed on 475,000 sqm, is a pulsating catalyst for innovation, creative thought, and reflection.

Designed for aspirational individuals and small families. Artistic and commercial spaces add a metropolitan flavor to the 65% green project, making it one of the most well-rounded projects on the West side.
