

SPECTRUM
EASTOWN

FINAL NEIGHBOURHOOD BY EASTOWN

Life is a rainbow of colour that reaches beyond what we can see.
A vision of how things can be when you have the right outlook.
At Spectrum we have created an array of homes that let you find
your frequency and live on your own wavelength.

SODIC SOCIETY

“An organised group of people associated together for benevolent, cultural, scientific, artistic, political, patriotic, or other purposes.”

“A highly structured system of human organisation for large-scale community living.”

At SODIC, we aim to continuously outdo ourselves in all aspects of our work. SODIC has graduated from simply developing a community, to becoming a society. Moving from real estate, to real societies.

We believe in the essence of a true “society”, in the power of art, sports, culture, sustainability and knowledge, to name a few. SODIC is a place maker. Building on our vision of Human Developments, we aspire to create holistic communities that reflect credibility, innovation and value, for all our stakeholders.

The SODIC Society - the society everyone wants to be a part of.

EASTOWN: NEW CAIRO'S BEATING HEART

Easttown is strategically situated on Road 90, immediately adjacent to the new campus of the American University in Cairo, a short drive from Cairo International Airport and in the midst of the flourishing communities of New Cairo and Kattameya.

In addition to an unbeatable location, Easttown offers so much more: premium employment, retail and residential spaces are all just a stone's throw from lush, verdant parks, while New Cairo's main attractions are a short distance away. The vibrant commercial area of EDNC offers an impressive array of retail outlets in a unique setting where urban buzz meets suburban tranquility.

SPECTRUM: EASTOWN'S HIGHLIGHT

With a frontage of 255 metres on Road 90, Spectrum is one of the most nicely located neighbourhoods as well as the very last of Eastown. Spectrum is in close proximity to EDNC, Eastown's commercial, retail and entertainment district and a few minutes away from the Clubhouse. Spectrum was designed in a way that most apartments benefit from views of Eastown's abundant open spaces and a peaceful haven of over 12,000 sqm of greenery on the doorstep.

SPECTRUM

LIFE ON YOUR DOORSTEP

Situated close to the new campus of the American University in Cairo, Spectrum is an ideal residential location for students, lecturers and for rental investors.

WHERE LUXURY MEETS PRACTICALITY

Spectrum offers a diversity of prototypes mixing two and three bedroom apartments which make the perfect home for residents who seek the relaxed atmosphere of life in the suburbs alongside the convenience of an urban setting where retail, employment, dining and entertainment opportunities are just a few minutes walk from the front door.

YOUR BUILDING AMENITIES

Spectrum's buildings are designed and built to premium standards, and being within a gated community, safety and peace of mind are assured. The majority of homes have a nanny's room, elevators and garbage chutes and premium units also benefit from basement parking and storage.

THE GREEN SPECTRUM

Spectrum is an exemplar of modern design, blending practicality, efficiency and convenience with open spaces and 'green' surroundings which promote health and well-being.

Spectrum's location in the heart of Eastown minimises the need for lengthy journeys to access essential facilities, reducing car use for residents and benefiting the local environment as a result.

ABOUT SODIC

Building on a history of almost two decades of successful operation in Egypt, SODIC is one of the country's leading real estate development companies. Headquartered in Cairo and listed on the Egyptian stock exchange, SODIC brings to the market award-winning large scale developments, meeting Egypt's ever-growing need for high quality housing, commercial and retail spaces.

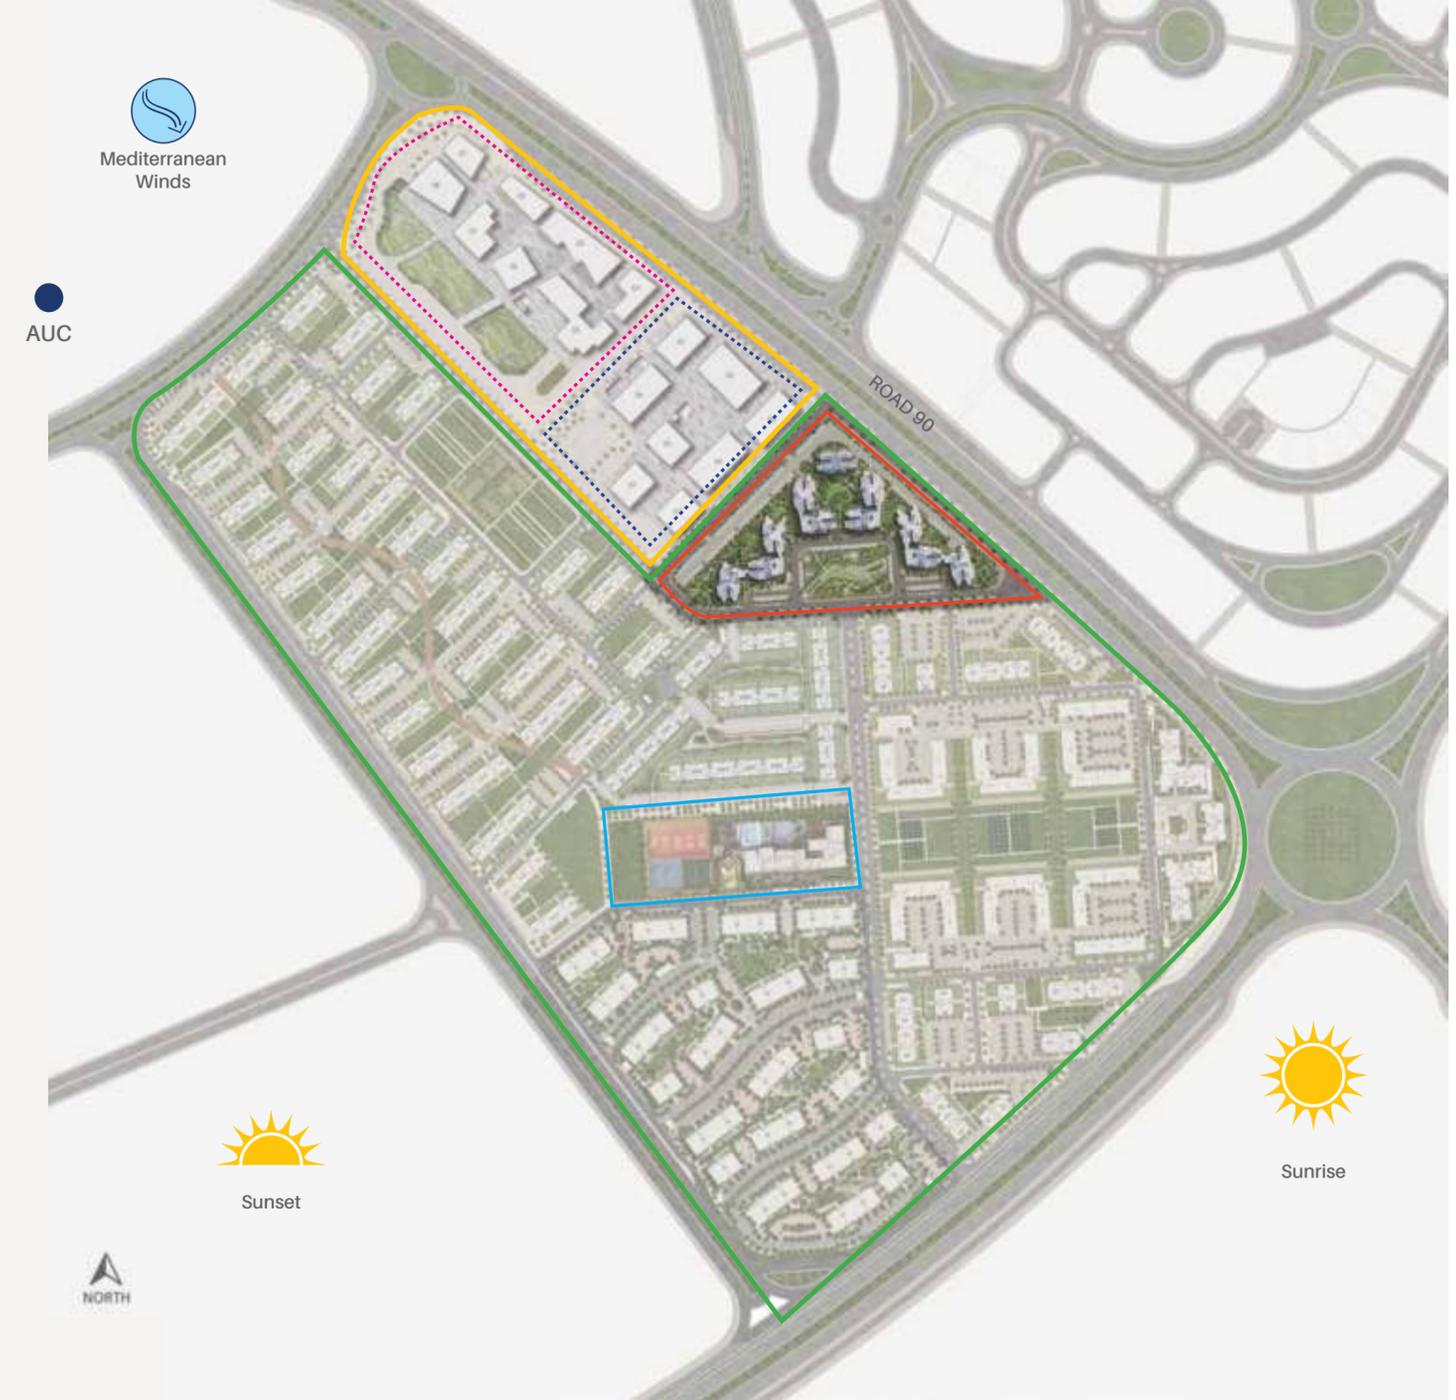

We pride ourselves on our passion for excellence and commitment to fostering long-term relationships with our clients, shareholders, business partners and employees, which has helped us grow into the corporation we are today.
